Inspection Systems open Brisbane Office

Inspection Systems are pleased to announce the opening in August of our Queensland office in Morningside.

Our efforts to service and support our customers continues to be a major focus for the business, and the additional staff and local office base in Brisbane will be a boost for our clients in the region

Joining the Inspection Systems team to operate the Queensland office is Patrick Coventry, an experienced Service Engineer from Herbert Industrial U.K.

Patrick will be able to contacted directly as of mid-August on the details below
